

**Add some adventure to your next meeting...**

Moreton Island is only 75 minutes from Brisbane on the luxury ferry, MiCat. With pristine beaches, crystal clear water and untamed stretches of sand roads, Moreton Island feels a world away. Offering adventurous activities such as four wheel driving, snorkeling at the ship wrecks or just watching the whales swim by from the lighthouse. Your next corporate event could finally be a little different this year. Moreton Island allows you to experience Your Corporate Adventure... Your Way

**Sandy Sessions** Get out of the Boardroom and onto the beach for your next corporate conference. Swap the seminar room for a seat in our sand auditorium under the giant melaleuca trees, toes in the sand. Swap your room at the Inn for the sounds of the surf in your own canvas tent. Eat breakfast with the Kookaburras rather than line up at the buffet. And enjoy, rather than endure your next corporate seminar.

**Twilight Banquets on the Beach** Imagine yourself on a beach at sunset. You are sitting at a long, beautiful table, toes in the sand or touching the tiny waves. Your table sits on the beach very close to sunken ship wrecks, a spotlight on them as the darkness rolls in. You see a dolphin swimming in the light and fish darting in his wake. Your dinner is served, your wine refreshed.... and your corporate dinner begins.

**Moreton Marquee Beach Barbeques** A luxurious cruise across the bay takes you to the crystal clear waters of Moreton Island. No one can quite believe the turquoise clear water before them as they walk towards the white marquees. Relax with a drink and let our crew prepare and serve your delicious barbeque lunch. Swim and snorkel or take on the team at beach cricket. This ready to go package includes all food and soft beverage, cruising and activities. Optional extras are guided snorkelling, sand

tobogganing, seafood upgrades and beverage packages.

**MiCat Charters** Moreton Island Adventures creates extraordinary corporate events on our ship MiCat. With three very unique deck levels, MiCat is ideal for large corporate entertaining, product launches and private affairs. With a capacity of 650 guests utilising all three levels of the ship, MiCat offers something unique as it cruises along the Brisbane River. Specialising in innovative fresh cuisine in all styles, MiCat can transform

into your ideal event venue. MICAT is the only ship with a vehicle deck able to travel along the Brisbane River. Our ability to carry large numbers of people and very large merchandise makes MICAT a great choice for your next corporate event.

### **Chrysler Jeep Launch – 3 August, 2011**

Moreton Island proved to be a great location for the media launch of the Jeep Grand Cherokee. In order to facilitate Jeep's plans for the media event, the team at Moreton Island Adventures assisted Jeep through every step of the organisation and running of the day, even changing our name to "Jeep Island" for the launch.

*"The team at Moreton Island Adventures were instrumental to the success of from wide ranging logistical support, to providing expert local island knowledge and guidance, their assistance was integral. We were very impressed with the enthusiasm, dedication and professionalism of their entire team." Chrysler Australia*
